

Project Profile: Erie County Department of Public Works Office Renovations

Project Budget: \$ 1.4 million

Project Summary:

This project was a fast track design and construction project designed to meet the changing needs of the offices of the department charged with maintaining and improving Erie County's buildings and infrastructure.

In order to meet the goals of the client, the design process was completed in two months, and the construction was completed in less than 5 months. The overall project was completed on time, and within budget.

Primary Project Objectives:

- ⇒ Replacement of the original asbestos containing fireproofing with new fireproofing.
- ⇒ Reconfiguration and complete renovation of approximately 21,000 square feet of office space.
- ⇒ Reconstruction of toilet rooms to meet ADA accessibility requirements.
- ⇒ Reconfiguration of the existing HVAC system, with new custom millwork induction unit covers.
- ⇒ New electrical and fire alarm systems.

**Renovated Elevator
Lobby with new
Security Doors**
